

GUI Lab: Tables og Forms

Formål:

At opnå erfaring med brug af table og form.

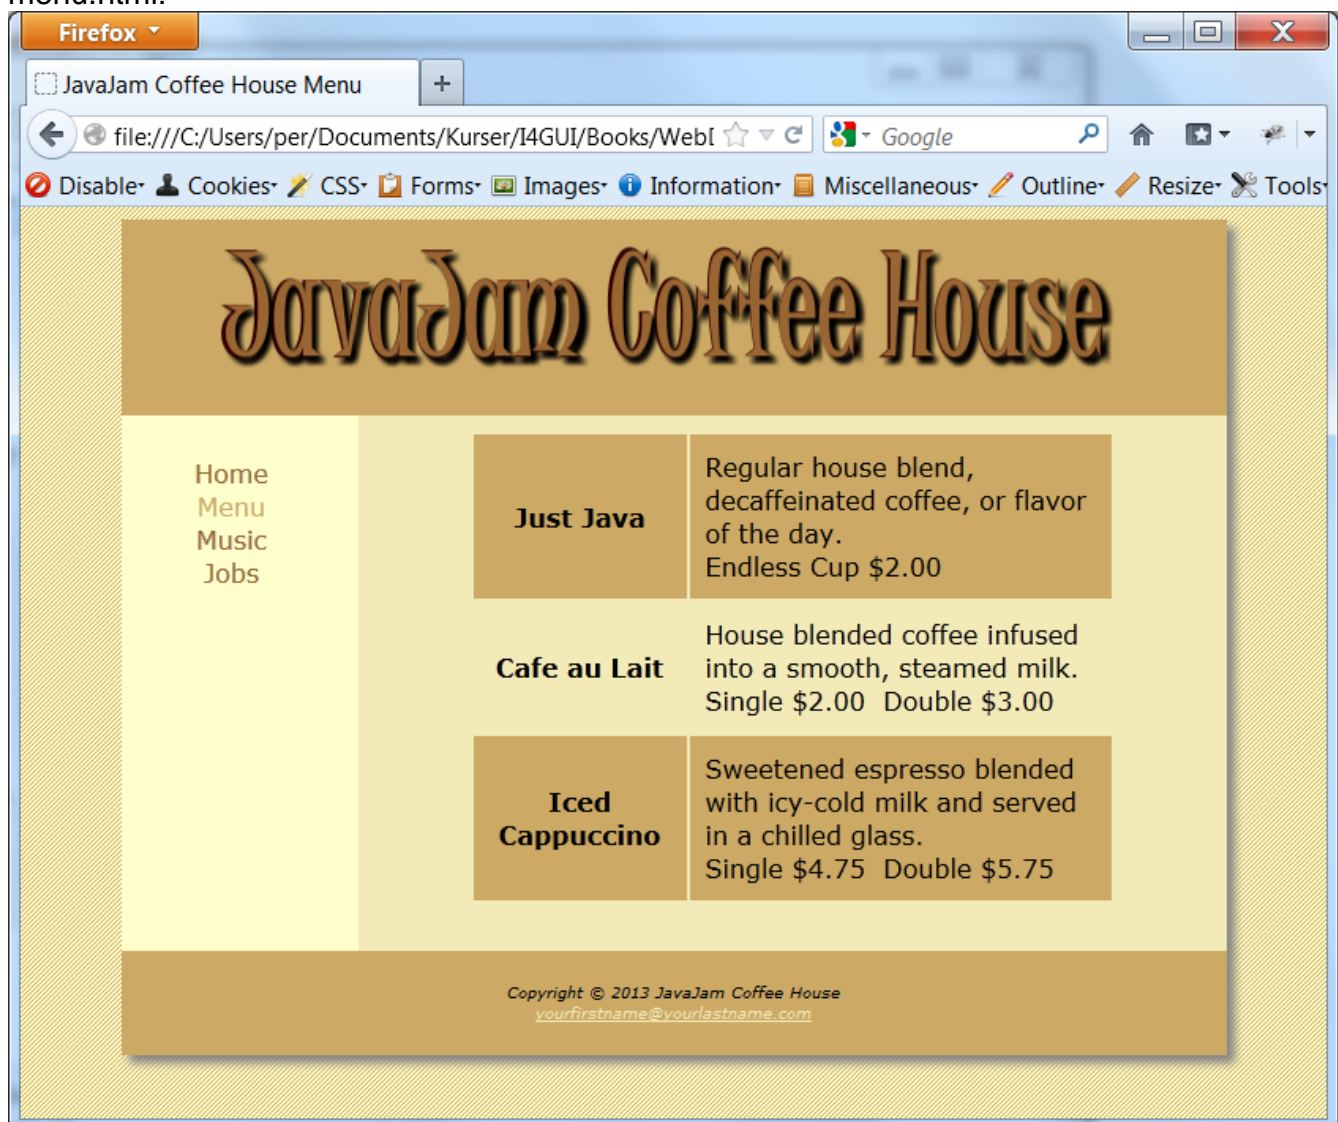

Forudsætninger

At du har læst kapitel 8 og 9 i Felke-Morris og lavet opgaven PageLayout.

Delopgave 1

Omkod siden menu.html til at bruge en table, og brug CSS til at style tabellen.

menu.html:

Delopgave 2

Udbyg JavaJam sitet med siden jobs.html. På denne side er der en form som er stilet med brug af CSS. Brug post-metoden og set action til <http://webdevbasics.net/scripts/javajam.php> (eller lav din egen serverside processing).

jobs.html:
